what our customers say

"We had 4,000 samples requested by the end of the day we sent the fax blast, and 11,000 samples ordered after three days. All the requests were validated to be spot on target. The Write Response elevated our campaign from what was initially to be a trial schools campaign to a sell-out success nationally. Highly recommended to anyone targeting schools with an offer of value."

Marketing team @ Tango on behalf of U by Kotex(R), Kimberly-Clark Australia

"We had 44 orders on the first day of the fax campaign and at the end of week two we had more than 400 orders and had to reprint just to fill them all."

"This is amazing value for money. I have wasted hours and hours trawling the internet for addresses which take so long to clean up to get them into mail-mergeable files. It just became too hard. Then your letter appeared on my desk like the answer to a prayer. You even tailored it for my specific business and target market needs, and prorated the price. Thanks for making it possible for me to reach my clients when I had all but given up!"

"The ultimate success of the medallions distribution is founded in the expertise and knowledge of schools across Australia brought to the project by The Write Response."

4. The Child Care Centres list does not include personal names but does include most phone numbers and many fax numbers. The Child Care Centres list includes some email data which in the case of those who have common ownership may be duplicated.
